SCHOOL
PLAINFIELD, N. J.

THE

1953 MILESTONE

IN DEDICATION

To William V. Sette, who has so wisely determined the orbit of our four-year course in Plainfield High School, we dedicate our Milestone. It has been his counsel and sympathetic understanding which has made our stay so memorable.

Mr. Sette began his education in a one-room school in Roycefield, New Jersey. He was graduated from PHS in 1929. Five years later, after receiving a B.A. degree from Columbia College, Mr. Sette returned to PHS as a teacher. In June, 1944, he entered the Army. Serving in the European theater, he won the Bronze Star, Good Conduct and Victory Ribbons, and the Combat Infantry Badge. After two and one half years in the service, he came back to the faculty once more. Last year, Mr. Sette was named our classmaster.

Dreaming of the future, Mr. Sette hopes that there will be a younger generation that will work to the limit of its potentialities to make this world a finer place for its people.

Throughout our span of Interplanetary PHS, Mr. Sette has acted as the guiding star which has kept the axis of our planet pointed toward success. We have indeed been fortunate to have known him as the chief astronomer who has piloted our four-year trip through space.

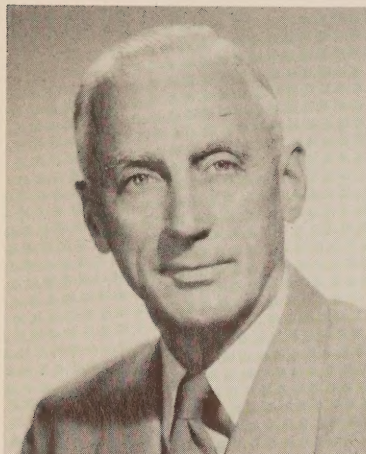

Somewhere in Germany.

One of his favorite pastimes.

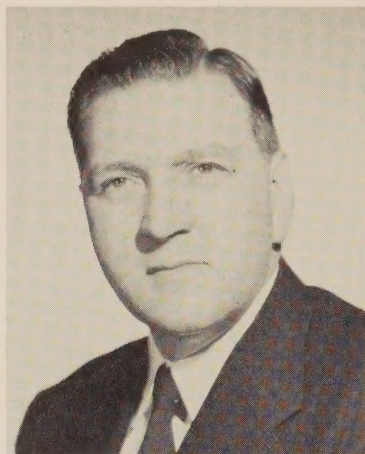

Administration and Faculty

MR. McCLEARY

Especially remembering our Superintendent of Schools in assembly programs and the humorous stories he told, we are assured that the thoughtful work and enthusiasm of Ralph D. McCleary is making our school system run smoothly.

MR. KINDIG

Our deepest appreciation goes to Principal Waldro J. Kindig who, with his friendliness and words of advice, has guided us through our career in PHS.

MR. HELD

Even with his many jobs as Vice-Principal, Warren Held has found time to give us a smile of greeting or a word of encouragement.

MR. BANTA

Doing the same fine job as in the history and counseling departments, Henry Banta is even better known in his new position of administrative assistant.

MISS HOFF

With the assistance of Lola K. Hoff, we've achieved co-operation in our committees and success in our school functions. Her individual guidance has helped us experience a memorable four years in PHS.

MR. LENDER

Albert J. Lender, who came to PHS last year from Nutley, New Jersey, has capably handled his job as administrative assistant and secured for himself a place in our high school.

SENIOR SPACE CADETS

SENIOR HISTORY

We, the Seniors have finally reached our goal and fulfilled the requirements of true Space Cadets. This fabulous trip through Interplanetary PHS began only four years ago, when as small Freshmen we entered into this vast, new universe. Until our Freshman Party, we were lost in the clouds and were doubtful as to where we were traveling. With Stuart Lambert as our Pilot and Neal Resnikoff, Joan Gladden and Paul Troth, our faithful crew, we were able to get a fast start on our new air lane.

As Sophomores we found ourselves well acquainted with this new world, which was to be our home for three more years. To guide us across the Milky Way were Stuart Lambert, our experienced Pilot and Harvey Skolnick, Loretta Comi, and Joan Gladden, our loyal crewmen.

Putting on our jet-propelled air wings, we continued our flight into outer space as Juniors. Steering our rocket ship was John Westcott, aiding him were Mike Boruch, Barbara Warren and Roberta Mingione. Even on this fantastic flight, we discovered that we needed funds, so we decided to sell PHS Pennants to our

fellow travelers. New stars were developed as we gave our first play, "Good Housekeeping."

During the summer, a new, fast rising star was born. Milton Campbell, a member of the class of '53, brought honor and fame, not only to PHS, but to the world when he placed second in the decathlon during the Olympics. We are proud to say that Milt was a member of our graduating class.

To begin what was to be a perfect year we had an undefeated football team. Next a lucky moonbeam touched our class and won a talent show which made us the proud owners of our new Cardinal Bird. A great applause came out of the sky when we gave our Senior Play, "Our Miss Brooks." Steering us on this last lap were Frank Blatz, president and Michael Garzillo, Sandra Kline, and Mary Laws, our able officers. Graduation came fast and we all felt a little stardust in the air when we walked up to receive our diplomas. We weren't sure as to which star we'd reach or what rainbow we'd climb, but we felt a sense of belonging to this new world, in which we will be its future leaders.

I, Ruth Holley, do hereby leave my absent days to the Junior Class.

I, Nancy Kerr, leave my four happiest years behind. It's a great school.

I, Irene Kaufman, leave Editor-in-chiefship of the Milestone to some lucky junior. Good luck.

I, Phyllis Kamm, leave the memories of the fun we had in Law Class.

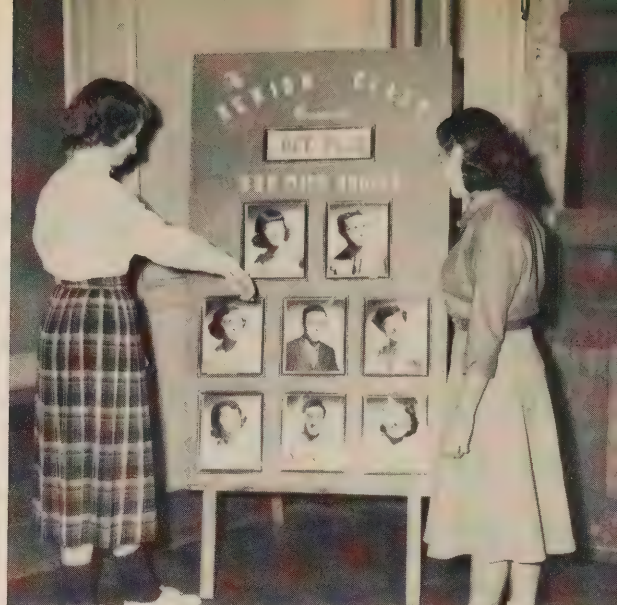

I, Theresa Marino, do hereby leave my table at lunch to William Neuman.

The cast of the Senior Play can never forget the confusion and fun that was experienced during the presentation of "Our Miss Brooks." Remembering . . . the excitement with the first assignment in our "new" playbooks . . . the searches for Alex after school . . . interrupting Harvey's dinner to come to rehearsals . . . Miss Mixer instructing Bonnie to play her role and Ceil to stop imitating hers off stage . . . the rush for Barbara's and Doris' cars after practice . . . Mrs. Donovan's delicious food during night rehearsals . . . Carly's and Irene's confusion when Bonnie and Bob would skip

[46]

some pages of script . . . the arguments about the national elections . . . Charlie's smuggling in a radio to listen to the World Series . . . the beautiful argyles and sweaters created by Jill, Birdie, Sally, and Bonnie when they were off stage . . . the tension when the play was about to be performed and when few people knew their lines during the first act . . . singing before the performance (Oh, Mitzi!) . . . and the wonderful never ending patience of our coach Miss Mixer will always make "Our Miss Brooks" more than just a play to the seniors of '53.

JUNIOR BIRDMEN

THE JUNIORS

Now that we have become Junior Birdmen, we have joined the ranks of the upperclassmen. Though we have stubbed our toes on the moon a few times during the past three years, we have been able to guide our missile and rise above such obstacles.

We have traveled far since that first day we stepped into this new and exciting atmosphere. After our first event, the Freshman Party, we no longer felt like falling stars in a vast sky. Through the work of our faithful officers, Lowry Mann as President, and Dick Miller, Sue Kramer, and Barbara Corbin, we had taken a permanent place among the heavens.

Next year we were well acquainted with the names of our fellow travelers and we all pitched in to give our first dance, the Soph Hop. No one will ever forget the fun we had that night. We also were able to add quite a few "pennies from heaven" to our treasury. Lew Alpaugh as President, and Mike Gutkin,

Sue Kramer, and Bobbie Pond were our chosen leaders.

As Juniors, we began to take a bigger part in school affairs with Lowry Mann, one of our classmates, as Treasurer of Student Council, we were well represented in student government. We added another "feather in our caps," when we decided to sell PHS feathers to help support our class. Our Junior-Senior Dance in February was a big success, partly due to our able leaders, Dick Babbitt and Tony Grifa, Marlene Herrmann, and Lindsey Bartletta.

Now we are looking forward to that jump into outer space which will take us down that star-studded path towards graduation. Next year, we will miss the companionship of our Senior Space Cadets, but with a school like PHS behind us, we will reach the brightest star and become the leaders of this new and vast world.

ROCKET KIDS

SOPHOMORE HISTORY

We are well aboard our "rocket 55" now and headed for a fast trip through our last two years in Interplanetary PHS. We have not reached the ranks of upperclassmen yet, but we have secured a definite air lane of our own. When we arrived on Freshman Day, we were doubtful as to what was expected of us, but we had plenty of courage and all we needed was a few words of confidence from our principal, Mr. Kindig and our faithful counselors. Our first duty as loyal PHS students was to learn our "Alma Mater." Next we were given the opportunity of taking part in student government by electing our Student Council Representative and Class Officers. Those who we elected to guide our jet-propelled rocket were Ronald Bender, as Captain and Sydel Ruskin, Gretchen Rademaker, Tony Curreri,

Crewmen. Without the help of the upperclassmen we gave our first school event, the Freshman Party. As we look back over this year, we will always remember this, our first debut into society.

By our Sophomore year, we had made ourselves well known around the halls of PHS. We felt more at home when we sat in the stands to cheer our football team onto victory. In the fall we elected our officers to lead us through this wild blue yonder. Those chosen were George Friedlander, as President and Toni Smith, Gretchen Rademaker and Tony Curreri, as the respective officers.

As we look through our telescope into the future, we see two more wonderful years ahead.

GREEN HORNETS

FRESHMAN CLASS HISTORY

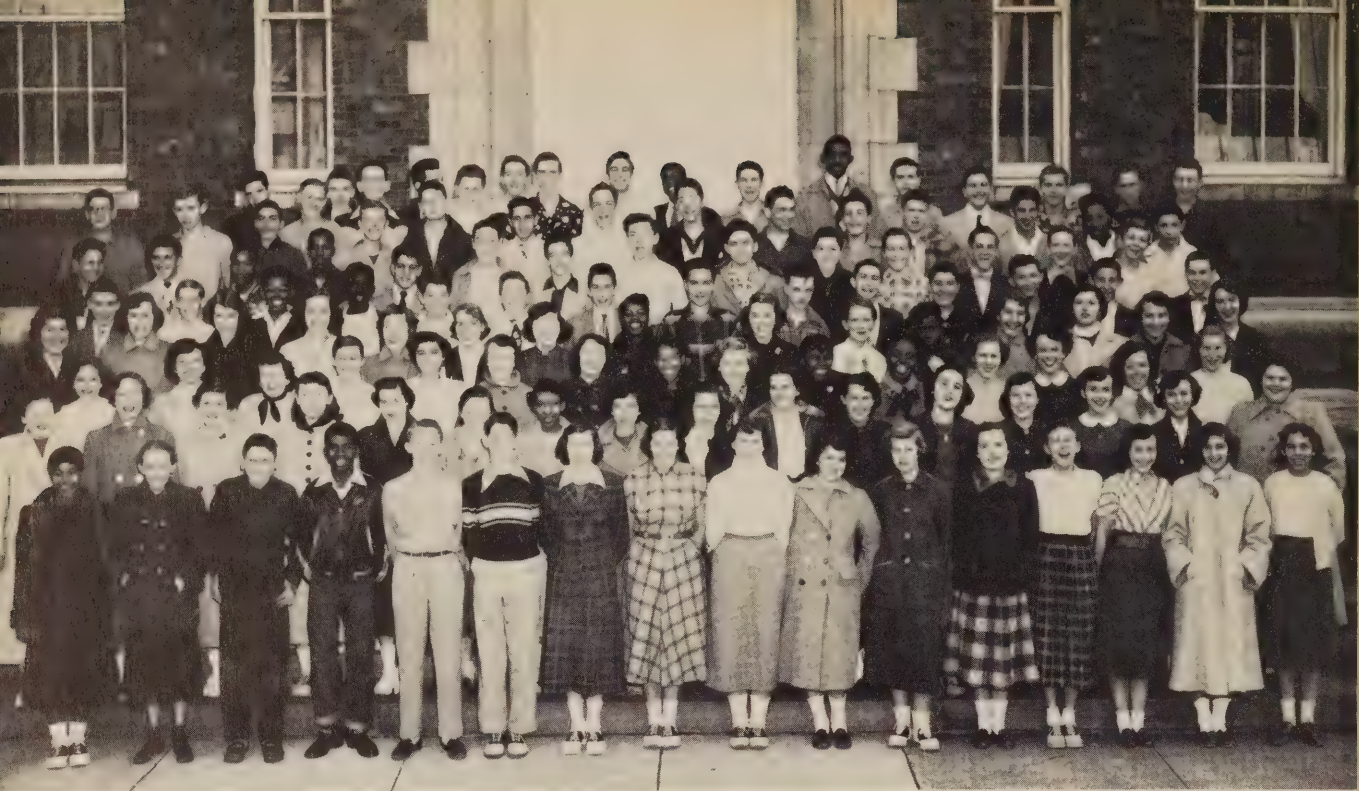

Who told us the moon was made of green cheese? Was it those upperclassmen? No doubt it was, as we certainly did look like lost and bewildered Frosh. It seemed like there would never be an end to the amount of books we faithfully carried home every night. Everything was new and exciting. We discovered how much, PHS had to offer us, in the way of clubs, sports and student government. We all tried to do a little of everything and we found our spare time well used up. We will never forget the thrill we felt when we cheered, with the rest of the school, to send our undefeated football team to glory.

With October came election time when some of our bolder classmates campaigned for the opportunity of being our class officers. Those

whom we elected were: Robert Kelly, president; Jeremiah O'Sullivan, vice-president; Eileen Gartenberg, secretary; and Loretta Spiegel, treasurer.

We were very eager to get into the swing of things so we planned our first school affair, the Freshman Party. What fun we had getting to know everyone! There were too many names to remember but at least we had a chance to get acquainted with the kids that will be our fellow travelers on this four year flight through Interplanetary PHS. With the hope that we will know them better, we whiz along on the tail of our comet into space.

"Smile!" This was the phrase repeated by the members of the *Milestone Staff* this year as they worked toward their goal—the publication of the 1953 *Milestone*.

Our rocket-ship was guided by Irene Kaufman, editor-in-chief and Betty Frenchick, business editor, and R. Pajewski, editorial advisor and G. Bubrick, business advisor respectively. Many stops were made on the way while pictures were identified and write-ups were written, but deadlines were finally met and our space ship had successfully reached the moon!

"Let's go to press!" Students interested in journalism have been working with their advisor, Miss Lola Hoff, this year. They gathered together news about high school events of public interest and wrote articles which were published in the *Plainfield Courier News*. They received their reward when their literary efforts appeared in print. Started in 1949, this club has grown tremendously and become a very essential part of our school activities.

ENTREE

Oh, for the smell of printers' ink! Our school newspaper, the *Entree*, is published every two weeks by this club's thirty-five members. The staff is made up of students who have a sincere interest in journalism and a desire to participate in the production of a newspaper. Neil Resnikoff is editor-in-chief this year, and John W. Simpson is the faculty advisor. Handling the business end of the *Entree* was Sally DiDario, business manager, and Mr. A. Hamilton Otto.

BAND

"Onward, Plainfield!" At football games, pep rallies, and in assemblies we have enjoyed cheering with the *PHS Band* which is under the direction of Mr. Clarence J. Andrews. 1953 was a memorable year because a new member was added to the band—the Cardinal! Marching down the football field he was a colorful figure. We hope the talent show held by the Plainfield Recreation Commission which awarded the vivid red birds to the winning Senior Class will soon become a tradition in PHS.

TWIRLING CLUB

Here are our future twirlers! The *Twirling Club*, sponsored by Mrs. Philomena Garretson, is composed of girls interested in learning the fundamental skills of twirling.

The advanced members develop marching routines and gain experience in wielding their batons. The regular twirlers, whom we have seen on the football field with the band and at pep assemblies were selected through try-outs.

These ushers insure order and smoothness in entering and leaving the auditorium. They serve at commencement, all assemblies, and usher for various community organizations.

Brightest Star in the Galaxy

MILT CAMPBELL

If there ever comes a time for sport experts to select the outstanding high school athlete of the United States for 1952-53, there will be no doubts in the minds of Plainfielders who know that there is none to equal Milton Campbell.

Milton's athletic career started in Emerson where he excelled in all sports. When he entered high school, Milton tried his hand at many types of athletics.

In the winter, "Sir Milt" swims on the Plainfield team and participates in the various indoor track meets around the country. Once he wrestled and pinned the fellow who became the state champ.

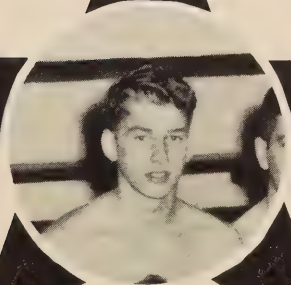

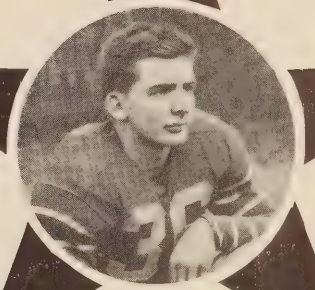

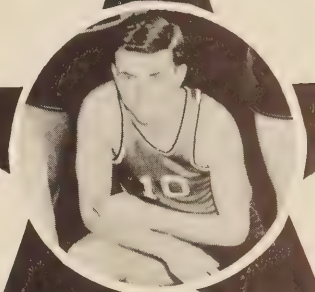

Although Milt has been a regular and a star of the Cardinal football eleven since his sophomore year, his feats in track and field have won him the most plaudits. For two consecutive years this future college man has won the national interscholastic title at Madison Square Garden for Plainfield. He came within one second of tying the world's indoor record

in the 60 yd. high hurdles which is 7.1 seconds.

Milt won world wide attention during the summer of 1952 when he took second place, behind Bob Mathias of Tulare, California, in the Olympic decathlon at Helsinki, Finland. In the Olympic tryouts held in California, Milt became the seventh person in the history of the decathlon to score over 7,000 points. Milton received numerous invitations to participate in the indoor meets held during the past winter. Milt came close to beating Harrison Dillard, the world's 120 yd. high hurdles champion in every meet in which the two entangled. During an invitation meet in Jamaica, British West Indies, Milt upset Dillard, breaking the Jamaican record for the event.

Many people have stated that Joe Black, star pitcher with the Brooklyn Dodgers, put Plainfield on the map of the United States. But Black said of Milton, "I may have put Plainfield on the United States map, but Milt has put Plainfield on the world map."

The 1952 version of the Plainfield High Football team completed its season undefeated and untied with a slate of nine wins and no losses. This season marked the second time this feat had been accomplished in the history of Plainfield High School. The gruelling contests from Long Branch to the Westfield game had Coaches Abe Smith, Gene Hubka, and Joe Hancock on the edges of their seats until the last whistle was sounded.

The Cards were selected as the number two team in the state behind a powerful Montclair squad.

Milto Campbell concluded his football career at PHS by winning All-State honors on everyone's All-State team as the number one fullback in the interscholastic ranks in New Jersey. Campbell led the Cardinal scoring as well as the state's with 140 points garnered on 23 touchdowns and two extra points.

Bill Danitz, Mike Bouch, and Bob Mansolino, were placed on the Union County all-star eleven.

Highlights of the Season —

PLAINFIELD versus LONG BRANCH — The Cards made a successful debut in the 1952 campaign with a 33-13 win over the Green Wave of Long Branch. Led by Milt Campbell and Bill Danitz, who scored two touchdowns apiece.

PLAINFIELD versus COLUMBIA — The quarterbacking of Dave Walker and the running of "Sir Milt" led the Red and Blue to a 29-6 victory over the Cougars, last year's state champs. Campbell score three 6-pointers as he paced the Cards to their second victory of the season.

PLAINFIELD versus BOUND BROOK — Two scoring passes by quarterback, Dave Walker to halfback, Bill Danitz, and Milt Campbell's 95 yard kickoff return, highlighted the contest as Plainfield rolled on to its third win of the season by swamping the Brookers, 42-13.

PLAINFIELD versus PERTH AMBOY — Four pass interceptions which led to the four Cardinal touchdowns proved the margin of victory as the "Smithmen" downed the Panthers of Perth Amboy, 28-0. The defensive unit as well

as the offensive platoon of the Cards played inspired ball as they held the Amboyians scoreless.

PLAINFIELD versus ABSURY PARK — The Cards had to wait until the fourth quarter before they finally emerged into the lead and then went on to win, 7-2, against an inspired Parker team. "Uncle Miltie" scored the only score of the contest on a fine plunge through the rugged Asbury line.

PLAINFIELD versus THOMAS JEFFERSON — The Cardinal football machine laid claim to the Group IV Central Jersey title after a 27-6 victory over the Jeffs from Elizabeth. The opponents dented the "Big Red" defense for the first time in three games in the last period.

PLAINFIELD versus NORTH PLAINFIELD — The Red and Blue squad vested a fighting North Plainfield, 19-6, to capture the city championship scoring their seventh win of the season. All-Stater, Milt Campbell again paced the PHS eleven with two touchdowns, one a 95 yard pass interception.

PLAINFIELD versus ATLANTIC CITY — The defensive unit of the Cardinals excelled in their conquest over Atlantic City which was taken by a score of 20-6. Linemen, Mike DelBene, Jerry Fania, Bob Mansolino and defensive backs, Dave Walker, Mike Boruch, and Bill Danitz played big parts in the win.

PLAINFIELD versus WESTFIELD — Milt Campbell concluded his brilliant career at Plainfield by pacing the Cards to a 27-14 victory over Westfield's Blue Devils. A second half rally by the Red and Blue overcame a Westfield lead with Campbell spearheading the attack with three of his four touchdowns.

For the most part, the team was composed of seniors, with ten of the starting eleven playing the last time for the Red and Blue of Plainfield. For seniors, Milt Campbell, Dave Walker, Bill Danitz, Al Sibilia, Joe Grimes, John Westcott, Gerald Taylor, Toby Stewart, Mike Boruch, Bob Fox, Ted Siefert, Mike DelBene, Bob Mansolino, Mike Garizillo, Jim Erickson, Frank Approvato, and Bill Sears — it was the climax of a star-studded four years at PHS.

Moving into the regular season, they made a good showing, but were outdriven by a star studded Thomas Jefferson team to place second in the Union County Relays. Then, after various victories and defeats, they moved on to Montclair where their state championship title

was relinquished to a powerful Montclair aggregation.

Those trackmen who were outstanding throughout the season included Milt Campbell, who excelled in the hurdles and various field events; and Bill Danitz who scored in the dashes; and Alex Branch, Joe Grimes and Toby Stewart who competed in the broad jump. Also, Hank Foster, Campbell and Branch performed in the high jump and Ray Shanks and Ed Lindsey excelled in the weight events. "Experience is the best teacher" so the old old proverb goes. The Plainfield Cross-Country team, which lost its six dual meets, definitely suffered from inexperience. Only four letter winners returned from the previous season.

Aside from dual meets, the Red and Blue placed sixth in the Union County Meet and sixth in the Central Jersey Meet, their best showing of the season.

Leading scorers for Plainfield were Ben Johnson, Carleton Vail, Tom Hemmings, Richard Snyder, Wayman Alston, Sam Johnson, and Bob Popovitch.

Due to the good showing of his younger runners, Coach Harold Bruguere expressed hopes that the team will return to the winning ways next year.

The PHS Tennis team had a better than fair season in compiling eight wins, six losses, and one tie. The team did better than its record shows in as much as inexperienced underclassmen made up most of the squad. The tie match with Thomas Jefferson proved to be the team's best match.

Seniors who played for the last time were Russell Robins, John Van Blarcom, and Ted Whitcomb. Others on the squad were Pete Shaw, a junior; sophomore, Myron Margolin, and freshmen, John Coulthurst, Bob Brynildsen, and Dick Bartholemew.

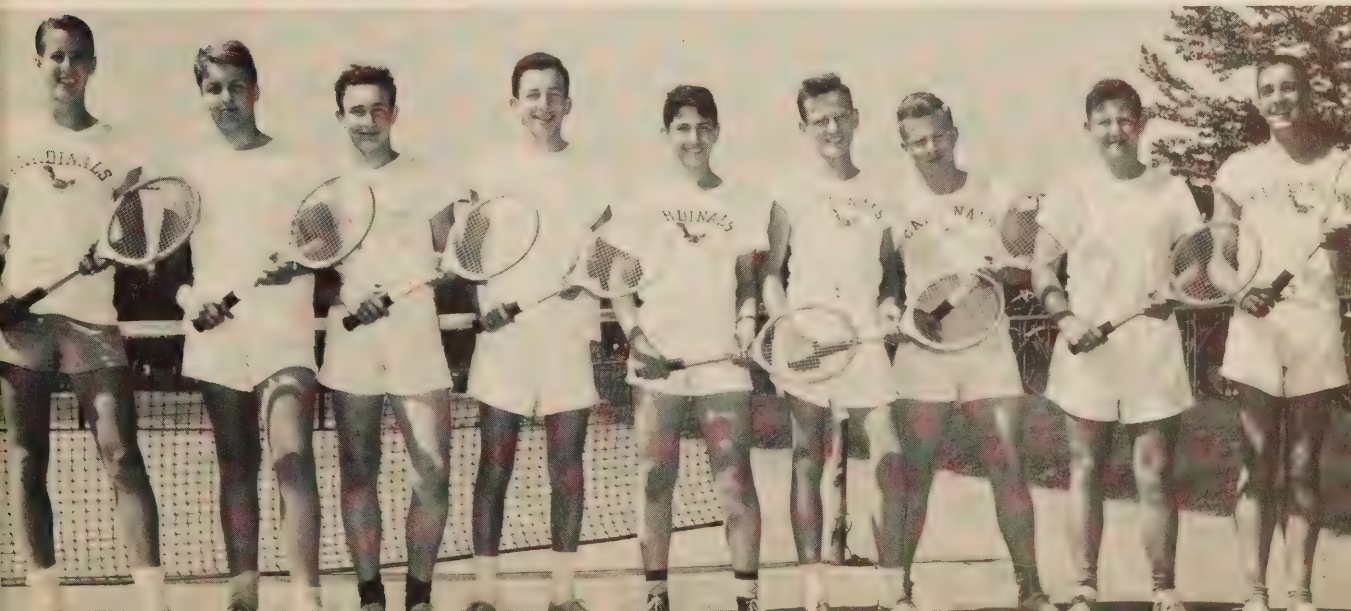

Prospects for the future include: Bob Miron, Tim Minar, Bob Young, Pete Cannon, and Marv Kadesh.

Art Smith handled the coaching job in the beginning of the year and will continue as the new mentor.

He said, "the team is in a rebuilding process and should do a better job this year with a group of new hopefuls and some experienced players."

Russell Robins was chosen to have his name put on the honor plaque in the boys' gym.
